## The Bolted Reveal

Roundal Bolted is a unique reveal solution where budget goes hand in hand with ease and speed of assembly. The RDB is delivered on site in 4 separate parts that need to be bolted together. That makes Roundal Bolted easy to transport and therefore the ideal budget-friendly solution for large projects.

The RDB reveal is delivered in individual parts that are assembled and pre-installed on the windows by the installer on site or in the workshop. All sections van de RDB reveal are made so they can be assembled into one whole in a tight-fitting manner. This can be done both for straight reveals and for reveals with sides and/or top edges at an angle

The standard RDB frame consists of:

- ① Sill
- ② Side left
- ③ Side right
- ④ Top
- ⑤ Fasteners (not supplied)

**Important:** The RDB reveals are only available with matching sill. The RDB system does not allow use of any other sills for the sake of watertightness!

## The RDB-variants:

## Field of application of the Roundal reveals

Facade materials	RDW	RDB	RDS	RDM	RDC
Aluminium	•	•	•	•	•
PVC	•	•	•	•	•
Wood	•	•	•	•	•
Steel	•	•	•	•	•
<b>Types of facades</b>					
Flat window (rectangular and square)	•	•	•	•	•
Flat window (other shapes)	•	•
